

## Access To Your Information

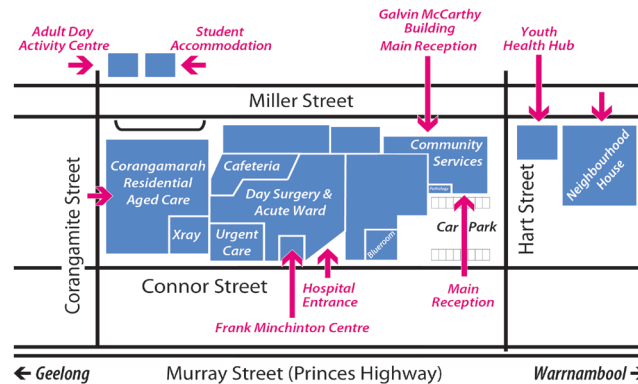

In accordance with the Freedom of Information Act 1982, you have the right to request access to your medical record and personal information held by Colac Area Health. If you wish to access your information contact the Freedom of Information Officer to obtain an application form. You may be required to pay a fee.

If you identify information that is incorrect you have a right to request that it is amended.

## Protecting your privacy

Colac Area Health protects your privacy by keeping personal information secure from unauthorised access, use or loss.

All staff employed by Colac Area Health are bound by a strict code of conduct with respect to maintaining the confidentiality of your personal information.

## ***What information is collected and why?***

Personal information including name, address, contact details, information relating to diagnosis, treatment and outcomes of treatment is collected by Colac Area Health.

This information is collected to ensure that each health care professional involved in your care has all the information necessary to plan your care.

Each time you attend, information about you will be updated. We aim to keep your information accurate, complete and up to date at all times.

Please inform a staff member if your details have changed.

## ***How we use your information***

Your information is used in a number of ways:

***Provision of care*** - Health care professionals use your information to make decisions and ensure you receive the best possible care.

***Planning of Health Services*** - To ensure appropriate service delivery by Colac Area Health and the Department of Health and Human Services.

***Billing*** - eg Private insurance, Work Cover, TAC, DVA, HACC and NDIA

***Quality and Research*** - Quality improvement activities are undertaken as we continually strive to apply best practice.

Individuals who carry out research must follow strict guidelines and maintain the confidentiality of the information they access. If information leaves Colac Area Health it is de-identified so that patients, residents and clients can not be identified.

Information is only made available for research projects that have been approved by Barwon Health's Research and Ethics Advisory Committee.

## ***Who has access to my information?***

If you have been an inpatient your nominated local doctor or referrer will receive discharge information, which details your condition, treatment, medication and any special instructions for your continuing care. If you do not wish for this information to be sent please advise our staff.

## ***Will I receive follow up contact?***

From time to time a staff member may telephone you to check your progress and ensure you are adequately managing your care at home. This is part of normal follow up. We may also ask if you have any comments in relation to your care at Colac Area Health.

At times, Colac Area Health and the Department of Health and Human Services conduct surveys and questionnaires seeking your opinion on our services. These are all voluntary and confidential. Surveys may be conducted while you are here or you may be contacted at home.

## ***Who we share your information with***

We inform your visitors of the ward you are on and general condition.

We only discuss your treatment with your next of kin or the person you have nominated.

We may provide information with other health services and practitioners if it is required in connection with your further treatment. This may include health practitioners in the region accessing your electronic patient record.

We send information to your national e-health record (My Health Record)

We are sometimes legally obliged to release information about you, including, but not limited to:

- Reporting notifiable diseases to the Department of Health and Human Services
- To child protection services
- To the Red Cross if there is infected blood products
- To Court if your record is subpoenaed
